THERE'S A FINE LINE BETWEEN ATTENTION TO DETAIL AND OBSESSION.

THE YORK® RESIDENTIAL LX SERIES CROSSES THAT LINE TO BRING YOU THE MOST DURABLE, SERVICEABLE AND COST-EFFECTIVE RANGE IN OUR HISTORY.

PERFORMANCE AND DURABILITY

With over 315,000 hours of system research, design and testing in real conditions, the new YORK LX Series product line has been subject to the most important industry research and testing. Much more than a new version of an existing model, the LX Series innovates and sets new quality and durability standards through its revolutionary engineering and innovative construction.

- Reliable operation with a robust compressor: proven in our extreme environment, accelerated life-cycle test facility.
- Reliable cold-weather operation: is ensured by a demand defrost feature that minimizes heat pump operation, removing frost on the outdoor coil far more effectively than timed methods.
- Long-lasting, powder coat paint: provides a durable, automotive-quality finish that looks great, even after years of outdoor exposure.
- Durable steel coil guards: provide protection against coil damage.
- Quiet, direct-drive fan design: minimizes vibration and sound.
- Optimized coils: for effective airflow and heat transfer.
- Inverter modulation technology with automatic setting of the required comfort level.
- 50 to 100% modulation capacity for a better control of humidity and temperature.

Proven reliability

More than 315,000 hours of research, five years of accelerated field trials and extreme weather temperatures ranging from 60°C to -30°C.

Advanced manufacturing

State-of-the-art quality control and assembly processes built upon the manufacturing expertise and high standards of Johnson Controls.

Optimized efficiency

Stronger compact components delivering advanced levels of efficiency.

ACCESSORIES

Optimize your indoor comfort and preserve the health of your family by adding YORK air quality products.

High performance media air cleaner

- Captures particles suspended in the air such as contaminants as small as 1 micron. Particles less than 6 microns are invisible; the size of allergen particles and spores varies between 0.5 to 1 micron.
- Reduces risk of asthma and allergic reactions
- Very low static loss
- 5-year limited warranty

Masterguard protector

- Designed and made in Canada
- Protects the unit from ice accumulation and excessive snow

Space and budget friendly

Quiet, small-footprint cabinets deliver big performance with features that meet your needs and fit your budget.

Safe for the environment

YORK uses R-410A refrigerant, which doesn't harm the ozone and keeps your system safe and efficient.

Awards and distinctions

Year after year, YORK units are listed among the best buys and best products on the market by recognized organizations such as Consumer's Digest and Good Housekeeping.

FROM THE FACTORY TO YOUR HOME

PROFESSIONALS DEDICATED TO PROVIDING YOU PEACE OF MIND

YORK designs its products to offer comfort, safety and reliability at all times. This is why they rely on a network of certified contractors with the best technical knowledge for the installation of their systems. They will provide you with the best suitable equipment for your needs and will install your system for maximum reliability and performance.

Service, quality and technical support: because nothing is left to chance, YORK has been represented for over 50 years in Canada by The Master Group, the largest independent distributor in the field of HVAC-R in Canada. For more than 65 years, The Master Group has distinguished itself for its extensive inventory, exceptional customer service and technical expertise. The Master Group is also Platinum winner of the renowned Canada's Best Managed Companies awards in recognition for its performance, service and sustainable growth. An additional insurance for peace of mind for many years.

QUALITY AT HEART

Since 1874, York has designed and installed air quality systems in some of the most complex structures in the world.

And for over 40 years, York is the chosen brand by Canadian consumers when it comes to ensuring year-round comfort for their loved ones. Nothing is more natural than trusting YORK with your comfort, because each unit is designed and manufactured in North America under close monitoring and according to most sophisticated industry standards, for quality assurance and reliability of products.

This commitment to excellence allows us to meet and even surpass the highest standards of quality, to offer durable products with superior energy performance and covered by warranties among the best in the industry. All this because nothing matters to us more than your confidence.

YHM 5 STAGES, UP TO 17.75 SEER

MODEL	TONS	HEIGHT	WIDTH	DEPTH	VOLTAGE	AMP.
YHM24B21S	2.0	33 1/4	29 1/4	29 1/4	208-230	30
